

Child protection and safeguarding policy and procedures

EYFS: 3.4-3.18, 3.19, 3.21, 3.22

Policy statement

As an Ofsted regulated nursery, we comply with the local child Safeguarding procedures and it is our duty to record and report to children services any concerns regarding the possible abuse of children in our care (emotional, physical, sexual or neglect). If an allegation is made against a member of staff in the nursery, the correct procedure if followed (see allegation against a member of staff policy & procedure)

Our prime responsibility is the welfare and well-being of children in our care. As such it is our duty to the children, parents/carers and staff to act quickly and responsibly in any instance that may come to our attention. All staff will work as part of a multi-agency team where needed in the best interest of the child.

The Legal framework for this policy

- Children act (2004/1989)
- Working together to safeguard children (2014)
- Safeguarding Vulnerable Groups Act (2006)
- Counter-Terrorism Act and Security Act (2015)
- Multi-Agency Practise Guidelines
- Female Genital Mutilation Act 2003
- Serious Crime Act 2015
- Keeping Children Safe in Education 2019
- Data Protection Act 2018
- What to do if you're worried a child is being abused 2015
- Counter-Terrorism and Security Act 2015.
- Inspecting Safeguarding in Early years, Education and Skills settings 2019
- Prevent Duty 2015

Safeguarding and promoting the welfare of children, in relation to this policy is defined as:

- Protecting children from maltreatment
- Preventing the impairment of children's health or development
- Ensuring that children are growing up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes.

(Definition taken from the HM Government document 'Working together to safeguard children 2018).

Prevent Duty

In Line with section 26 of the counter-terrorism and security act (2015) we understand the importance of staff members being able to recognise and identify vulnerable children and to have "due regard to the need to prevent people from being drawn into terrorism".

We recognise the importance of protecting children from the risk of radicalisation and promoting British values in the same way we would protect and safeguard children from any other abuse.

We will ensure all staff members are able to notice changes in children's behaviour as we would do with any kind of safeguarding matter as there is no single way of being able to identify a child who is at risk of being vulnerable or susceptible to radicalisation/extremism.

Regular reviews on our e-safety policy and use of mobile phones and internet policy are carried out as we recognise the increased risk of online radicalisation.

All staff members are also aware of the appropriate time to make a referral to the “Channel Programme”.

Our Aim

It is our aim to ensure that all the children receive the highest level of care, provision and education. The health, safety and welfare of all our children are of paramount importance to all the adults who work in our nursery. Our children have the right to protection, regardless of age, gender, race, culture, background or disability. Children have the right to be safe within the nursery.

We are committed to:

- Building a “culture of safety” in which children are protected from abuse and harm in all areas of its service delivery.
- Responding promptly and appropriately to all incidents or concerns of abuse that may occur and to work with statutory agencies in accordance with the procedures that are set down in “what to do if you’re worried a child is being abused”
- Promoting awareness of child abuse issues throughout its training and learning programmes for adults
- Empowering young children, through early childhood curriculum, promoting their rights to be strong, resilient and listened to.
- Ensuring that all staff are alert to the signs and understand what is meant by safeguarding and are aware of the different ways in which children can be harmed
- Ensuring all a robust training system, in which all staff are confident in the policies and procedures relating to the safeguarding and welfare of the children

It is the policy of the nursery to provide a secure and safe environment for all children from abuse.

The nursery will therefore not allow an adult to be left alone who has not received their enhanced DBS check clearance and all our staff will receive updated and relevant safeguarding training as part of their induction and as refresher training after their 6-month probation.

We abide by Ofsted requirements in respect of references and Disclosure and Barring Services checks for all staff and volunteers to ensure that disqualified person or unsuitable person has any access or contact with the children.

We know how important staff ratios are and ensure that we follow the legal requirements for the minimum numbers of staff present with the children at any time as set out in the Early Years Foundation Stage statutory framework.

Our Designated Safeguarding Lead Officer is Rebecca Walton who works together and alongside our Deputy Safeguarding Officers Sarah Beattie and Amanda Barker to co-ordinate child protection issues.

The nursery is aware that abuse does occur in our society and we are vigilant in identifying signs of abuse and reporting concerns. Our practitioners have a duty to protect and promote the welfare of children. Due to the many hours of care we are providing, staff may often be the first people to identify that there may be a problem. They may well be the first people in whom children confide information that may suggest abuse or to spot changes in a child’s behaviour which may indicate abuse.

The nursery is aware that abuse does occur in our society and we are vigilant in identifying signs of abuse and reporting concerns. Our practitioners have a duty to protect and promote the welfare of children. relevant agencies such as local authority services for Children's Social Care, family support, health professionals including health visitors or the police. All staff will work with other agencies in the best interest of the child, including as part of a multi-agency team, where needed.

The nursery aims to:

- Keep the child at the centre of all we do, providing sensitive interactions that develops builds children's well-being, confidence and resilience. We will support children to develop an awareness of how to keep themselves safe, healthy and have positive relationships.
- Ensure staff are trained right from induction to understand the child protection and safeguarding policy and procedures, are alert to identify possible signs of abuse (including the signs known as softer signs of abuse), understand what is meant by child protection and are aware of the different ways in which children can be harmed, including by other children (peer on peer) through bullying or discriminatory behaviour
- Be aware of the increased vulnerability of children with Special Educational Needs and Disabilities (SEND), isolated families and vulnerabilities in families; including the impact of toxic trio on children and Adverse Childhood Experiences (ACE's).
- Ensure that all staff feel confident and supported to act in the best interest of the child; maintaining professional curiosity around welfare of children and share information, and seek the help that the child may need at the earliest opportunity.
- Ensure that all staff are familiar and updated regularly with child protection training and procedures and kept informed of changes to local/national procedures, including thorough annual safeguarding newsletters and updates
- Make any child protection referrals in a timely way, sharing relevant information as necessary in line with procedures set out by the **Cumbria county council**
- Ensure that information is shared only with those people who need to know in order to protect the child and act in their best interest
- Keep the setting safe online using appropriate filters, checks and safeguards, monitoring access at all times and maintaining safeguards around the use of technology by staff, parents and visitors in the setting.
- Ensure that children are never placed at risk while in the charge of nursery staff
- Identify changes in staff behaviour and act on these as per the Staff Behaviour Policy
- Take any appropriate action relating to allegations of serious harm or abuse against any person working with children or living or working on the nursery premises including reporting such allegations to Ofsted and other relevant authorities including the local authority.
- Ensure parents are fully aware of child protection policies and procedures when they register with the nursery and are kept informed of all updates when they occur

- Regularly review and update this policy with staff and parents where appropriate and make sure it complies with any legal requirements and any guidance or procedures issued by the **Cumbria county council**.

Types of abuse and particular procedures followed

Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused within a family, institution or community setting by those known to them or more rarely, a stranger. This could be an adult or adults, another child or children.

What to do if you're worried a child is being abused (advice for practitioners) 2015 and Working Together to Safeguard Children (2018)

The signs and indicators listed below may not necessarily indicate that a child has been abused, but will help us to recognise that something may be wrong, especially if a child shows a number of these symptoms or any of them to a marked degree.

Indicators of child abuse

- Failure to thrive and meet developmental milestones
- Fearful or withdrawn tendencies
- Unexplained injuries to a child or conflicting reports from parents or staff
- Repeated injuries
- Unaddressed illnesses or injuries
- Significant changes to behaviour patterns.

Softer signs of abuse as defined by National Institute for Health and Care Excellence (NICE) include: ¹

Emotional states:

- Fearful
- Withdrawn
- Low self-esteem.

Behaviour:

- Aggressive
- Oppositional habitual body rocking.

Interpersonal behaviours:

- Indiscriminate contact or affection seeking
 - Over-friendliness to strangers including healthcare professionals
 - Excessive clinginess, persistently resorting to gaining attention
 - Demonstrating excessively 'good' behaviour to prevent parental or carer disapproval
 - Failing to seek or accept appropriate comfort or affection from an appropriate person when significantly distressed
 - Coercive controlling behaviour towards parents or carers
 - Lack of ability to understand and recognise emotions
-

- Very young children showing excessive comforting behaviours when witnessing parental or carer distress.

Looked after children

Early years settings are committed to providing quality provision based on equality of opportunity for all children and their families. All staffs are committed to doing all they can to enable “looked after” children in their care to achieve and reach their full potential.

We recognise that children who are being looked after have often experienced traumatic situations; emotional or sexual abuse or neglect. However, we also recognise that not all looked after children have experienced abuse and that there are a range of reasons for children to be taken into the care of the local authority. Whatever the reason, a child’s separation from their home and family signifies a disruption in their lives that has impact on their emotional well-being.

In our setting, we place emphasis on promoting children’s right to be strong, resilient and listened to. Our policy and practise guidelines for looked after children are based on two important concepts, attachment and resilience. The basis of this is to promote secure attachments in children’s lives as the basis for resilience.

Peer-on-peer abuse

We are aware that peer-on-peer abuse does take place, so we include children in our policies when we talk about potential abusers. This may take the form of bullying, physically hurting another child, emotional abuse or sexual abuse. We will report this in the same way we do for adults abusing children, and will take advice from the appropriate bodies on this area; to support for both the victim and the perpetrator, as they could also be a victim of abuse. We know that children who develop harmful sexual behaviour have often experienced abuse and neglect themselves.

Fabricated illness

Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child. The parent or carer may seek out unnecessary medical treatment or investigation; they may exaggerate a real illness and symptoms or deliberately induce an illness through poisoning with medication or other substances or they may interfere with medical treatments. Fabricated illness is a form of physical abuse and any concerns will be reported, in line with our safeguarding procedures.

Neglect- is the persistent failure to meet basic physical and psychological needs, which may result in the serious impairment of the child’s medical problems, emaciation or under nourishment. Staff may notice behavioural signs such as a child who always seems hungry, tired, has ill -fitting clothes, poor personal hygiene, e.g soiled, unchanged nappies, etc.

Procedure:

- The concern should be discussed with the parent/carer.
- Such discussions will be recorded and the parent/carer will access to such records.
- If there appears to be any queries regarding the circumstances the child protection/MASH team.

Physical abuse- physical signs may involve unexplained bruising/marks in unlikely areas, facial bruising, hand/finger marks, bite marks, burns, lacerations or abrasions. Staff may

notice several behavioural signs that also indicate physical abuse such as a child that shy's away from physical contact, is withdrawn or aggressive towards others or their behaviour changes suddenly.

Procedure:

- All signs of marks/injuries noticed on a child will be recorded immediately on an pre-existing injury form and signed by parents
- The incident will be discussed parent/carer at the earliest opportunity (when signing form)
- If there appears to be any queries or concerns regarding the injury, the child protection/MASH team will be called for advice immediately.

Sexual abuse –physical signs may include bruising consistent with being held firmly, discomfort in walking/sitting, pain or itching in the genital area, discharge or blood on under clothes, or loss of appetite. Behavioural signs may include drawings or play showing indicators of sexual activity, sexual explicit language, and knowledge of adult sexual behaviour, seductive behaviour towards others, poor self-esteem and a child who is withdrawn.

Procedure:

- The observed instances will be detailed in a confidential report
- The observed instances will be reported immediately to the designated person/nursery manager.
- The matter will be referred straight to the child protection team/MASH hub.

Emotional abuse – physical signs of emotional abuse may include a general failure to thrive, not meeting expected developmental milestones and behaviourally a child may be attention seeking, telling lies, have an inability to have fun and join in play, low self-esteem, speech disorders, and be inappropriately affectionate towards others.

Procedure:

- The concerns should be discussed with the parent/carer by the designated person/nursery manager.
- Such discussions will be recorded and the parent/carer will have access to such records
- If there appears to be any queries or ongoing concerns after discussion with parent/carer the child protection team/MASH team will be notified.

Recording suspicions of abuse and disclosures (procedures);

Staff will be an objective record of any observation or disclosure and include-

- v Childs name/address/D.O.B and age
- v Date, time, location of the observation or disclosure
- v EXACT words spoken
- v Name of the person who the concern was reported to with date and time and names of any other person present at the time.
- v Any discussion held with parents/carer
- v Name and signature of person completing the report/observation.

However, when identifying any potential instances of abuse, staff must at all times be aware that children may demonstrate individual or combinations of indicators detailed above, but may not be the subject of abuse. Individual or isolated incidents do not necessarily indicate abuse. Staff should always remain vigilant and must NOT ignore warning signs and contact the relevant services at any stage for support.

Female Genital mutilation (FGM)

As our duty of care, we have a statutory obligation under national safeguarding protocols (e.g working together to safeguard children) to protect young girls and women from FGM as it is an illegal, extremely harmful practise and a form of abuse.

It is essential that we work closely together with other agencies if we suspect a child has suffered or is likely to suffer FGM as appropriate safeguarding efforts. This is reflected in the Multi-Agency Practise Guidelines.

If a child in our care shows signs and symptoms (see below) of FGM or we have good reason to suspect the child is at risk of FGM, we MUST refer the child using our existing standard safeguarding procedures as it is a form of child abuse. When a child is identified as "at risk" of FGM, this information MUST be brought to the child's GP attention and health visitor (as per section 47 of The Children's Act 1989)

Important Signs & Symptoms to look out for if you suspect the child is "at risk" of FGM

- Father comes from a community that is known to practice FGM
- Mother/Family may have limited contact with people outside family
- It is known that the mother has FGM
- Family does not engage with professionals (health, school, other)
- Parents say that they or a relative will take the child abroad for a prolonged period of time
- Child spoken about a holiday to her country of origin or another where the procedure is practiced
- Child has confided that she is to have a "special procedure" to "become a woman" or to be "more like her mum/sister/aunt" etc
- Family/child are already know to social services

Important Signs & Symptoms to look out for if you suspect the child has had FGM

- Child regularly attends GP appointments, has frequent Urinary Tract Infections (UTI'S)
- Increased emotional and physiological needs e.g withdrawals, depression or significant changes in behaviour.
- Child talks about pain/discomfort between legs
- Child has difficulty walking, sitting for long periods of time- which wasn't a problem previously

Significant or Immediate Risk

- Child confides in a member of staff/professional that FGM has taken place
- Parent or family member discloses professional/ nursery child has had FGM

Breast ironing

Breast ironing also known as "breast flattening" is the process where young girls' breasts are ironed, massaged and/or pounded down through the use of hard or heated objects in order for the breasts to disappear, or delay the development of the breasts entirely. It is believed that by carrying out this act, young girls will be protected from harassment, rape, abduction and early forced marriage.

Although this is unlikely to happen to children in the nursery due to their age, we will remain vigilant for the signs and symptoms in any children and families using our services and follow-up concerns following our regular safeguarding referral process.

Child sexual exploitation (CSE)

Working Together to Safeguard Children defines CSE as "...a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity

appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.”

We will be aware of the possibility of CSE and the signs and symptoms this may manifest as. If we have concerns, we will follow the same procedures as for other concerns and we will record and refer as appropriate.

Child Criminal Exploitation (CCE)

Child Criminal Exploitation (CCE) can be described as when an individual, or group, takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child or young person under the age of 18. The victim may have been criminally exploited even if the activity appears consensual. Child Criminal Exploitation does not always involve physical contact; it can also occur through the use of technology.

County Lines

County lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs from big cities into smaller towns, using dedicated mobile phone lines or other form of ‘deal line.’ Customers will live in a different area to where the dealers and networks are based, so drug runners are needed to transport the drugs and collect payment.

They are likely to exploit children and vulnerable adults to move the drugs and money, and they will often use coercion, intimidation, violence (including sexual violence) and weapons.

Signs that a child may be involved in county lines could be a change in behaviour, suddenly having more money or possessions; change in friendship group, withdrawing from family life, sudden change in appearance; unexplained physical injuries, staying out late or a lack of interest in school and previous positive activities.

Cuckooing

Cuckooing is a form of county lines crime in which drug dealers take over the home of a vulnerable person in order to criminally exploit them as a base for drug dealing, often in multi-occupancy or social housing properties. Signs that this is happening in a family property may be an increase in people entering or leaving the property, an increase in cars or bikes outside the home; windows covered or curtains closed for long periods, family not being seen for extended periods; signs of drug use or an increase in anti-social behaviour at the home.

If we recognise any of these signs, we will report our concerns as per our reporting process.

Contextual safeguarding-

As young people grow and develop they may be vulnerable to abuse or exploitation from outside their family. These extra-familial threats might arise at school and other educational establishments, from within peer groups, or more widely from within the wider community and/or online.

As part of our safeguarding procedures we will work in partnership with parents/carers and other agencies to work together to safeguard children and provide the support around contextual safeguarding concerns.

Domestic Abuse / Honour Based Violence / Forced Marriages

We look at these areas as a child protection concern. Please refer to the separate policy for further details on this.

Extremism – the Prevent Duty

Under the Counter-Terrorism and Security Act 2015 we have a duty to refer any concerns of extremism to the police.

Reasons for referral may include a cause for concern relating to a change in behaviour of a child or family member, comments causing concern made to a member of the team (or other persons in the setting) or actions that lead staff to be worried about the safety of a child in their care. We have a Prevent Duty and Radicalisation policy in place. Please refer to this for specific details.

Online Safety

We take the safety of our children very seriously and this includes their online safety. Please refer to the Online Safety policy for further details.

Human Trafficking and Slavery

Please refer to our Human Trafficking and Slavery policy for detail on how we keep children safe in this area.

Adult sexual exploitation

As part of our safeguarding procedures we will also ensure that staff and students are safeguarded from sexual exploitation.

Up skirting

Up skirting involves taking a picture of someone's genitals or buttocks under their clothing without them knowing, either for sexual gratification or in order to humiliate, or distress, the individual. This is a criminal offence and any such action would be reported following our reporting procedures.

Child abuse linked to faith or belief (CALFB)

Child abuse linked to faith or belief (CALFB) can happen in families when there is a concept of belief in:

- Witchcraft and spirit possession, demons or the devil acting through children or leading them astray (traditionally seen in some Christian beliefs)
- The evil eye or djinns (traditionally known in some Islamic faith contexts) and dakini (in the Hindu context)
- Ritual or multi murders where the killing of children is believed to bring supernatural benefits, or the use of their body parts is believed to produce potent magical remedies
- Use of belief in magic or witchcraft to create fear in children to make them more compliant when they are being trafficked for domestic slavery or sexual exploitation.

This is not an exhaustive list and there will be other examples where children have been harmed when adults think that their actions have brought bad fortune.

Reporting Procedures

All staff have a responsibility to report safeguarding concerns and suspicions of abuse. These concerns will be discussed with the designated safeguarding lead (DSL) as soon as possible.

- Staff will report their concerns to the DSL Rebecca Walton (in the absence of the DSL they will be reported to the Deputy DSL) Sarah Beattie.
- Any signs of marks/injuries to a child or information a child has given will be recorded and stored securely.
- For children who arrive at nursery with an existing injury, a form will be completed along with the parent's/ carers explanation as to how the injury happened. Staff will have professional curiosity around any explanations given, any concerns around existing injury's will be reported.
- If appropriate, any concerns/or incidents will be discussed with the parent/carer and discussions will be recorded. Parents will have access to these records on request in line with GDPR and data protection guidelines.
- If there are queries/concerns regarding the injury/information given, then the following procedures will take place:

The designated safeguarding lead will:

- Contact the Local Authority children's social care team to report concerns and seek advice immediately, or as soon as it is practical to do so . If it is believed a child is in immediate danger we will contact the police. If the safeguarding concern relates to an allegation against an adult working or volunteering with children then the DSL will follow the reporting allegations procedure (see below).

- Record the information and action taken relating to the concern raised
- Speak to the parents (unless advised not to do so by LA children's social care team)

The designated safeguarding lead will follow up with the Local Authority children's social care team if they have not contacted the setting within the timeframe set out in Working Together to Safeguarding Children (2018). We will never assume that action has been taken

Keeping children safe is our highest priority and if, for whatever reason, staff do not feel able to report concerns to the DSL or deputy DSL they should call the Local Authority children's social care team, the Police or the NSPCC and report their concerns anonymously.

These contact numbers are displayed **in our main office.**

Responding to a spontaneous disclosure from a child

If a child starts to talk openly to a member of staff about abuse they may be experiencing then staff will:

- Give full attention to the child or young person
- Keep body language open and encouraging
- Be compassionate, be understanding and reassure them their feelings are important. Phrases such as 'you've shown such courage today'
- Take time and slow down: we will respect pauses and will not interrupt the child – let them go at their own pace
- Recognise and respond to their body language
- Show understanding and reflect back
- Make it clear you are interested in what the child is telling you
- Reflect back what they have said to check your understanding – and use their language to show it's their experience
- Reassure the child that they have done the right thing in telling you. Make sure they know that abuse is never their fault
- Never talk to the alleged perpetrator about the child's disclosure. This could make things a lot worse for the child.

(Information taken from NSPCC)

Any disclosure will be reported to the nursery manager or DSL and will be referred to the local authority children's social care team immediately, following our reporting procedures.

Recording Suspicions of Abuse and Disclosures

Staff should make an objective record of any observation or disclosure, supported by the nursery manager or designated safeguarding lead (DSL). This record should include:

- Child's name

- Child's address
- Age of the child and date of birth
- Date and time of the observation or the disclosure, location
- Exact words spoken by the child (word for word) and non-verbal communication
- Exact position and type of any injuries or marks seen
- Exact observation of any incident including any concern was reported, with date and time; and the names of any other person present at the time
- Any discussion held with the parent(s) (where deemed appropriate).

These records should be signed by the person reporting this and the *manager/*DSL/*supervisor, dated and kept in a separate confidential file.

If a child starts to talk to an adult about potential abuse it is important not to promise the child complete confidentiality. This promise cannot be kept. It is vital that the child is allowed to talk openly and disclosure is not forced or words put into the child's mouth. As soon as possible after the disclosure details must be logged accurately. It is not the nursery's role to investigate, it is the role of statutory services to complete this.

Staff involved in a safeguarding case may be asked to supply details of any information/concerns they have with regard to a child. The nursery expects all members of staff to co-operate with the local authority children's social care, police, and Ofsted in any way necessary to ensure the safety of the children.

Staff must not make any comments either publicly or in private about the supposed or actual behaviour of a parent, child or member of staff.

Informing parents

Parents are normally the first point of contact. If a suspicion of abuse is recorded, parents are informed at the same time as the report is made, except where the guidance of the local authority children's social care team/police does not allow this to happen. This will usually be the case where the parent or family member is the likely abuser or where a child may be endangered by this disclosure. In these cases the investigating officers will inform parents.

Confidentiality

All suspicions, enquiries and external investigations are kept confidential and shared only with those who need to know. Any information is shared in line with guidance from the local authority. All staff, students and volunteers are bound by confidentiality and any information will not be discussed out of work, or this will become a disciplinary matter.

The Nursery has due regard to the data protection principles as in the Data Protection Act 2018 and General Data Protection Regulations (GDPR)². These do not prohibit the collection and sharing of

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/721581/Information_sharing_advice_practitioners_safeguarding_services.pdf

personal information, even without consent if this would put the child at further risk. We will follow the principles around data collection and information sharing, and ensure any information is recorded and shared in an appropriate way.

Support to families

The nursery takes every step in its power to build up trusting and supportive relations among families, staff, students and volunteers within the nursery.

The nursery continues to welcome the child and the family whilst enquiries are being made in relation to abuse in the home situation. Parents and families will be treated with respect in a non-judgmental manner whilst any external investigations are carried out in the best interest of the child.

Record Keeping

Confidential records kept on a child are shared with the child's parents or those who have parental responsibility for the child, only if appropriate and in line with guidance of the local authority with the proviso that the care and safety of the child is paramount. We will do all in our power to support and work with the child's family.

The Nursery keeps appropriate records to support the early identification of children and families that would benefit from support. Factual records are maintained in a chronological order with parental discussions. Records are reviewed regularly by the DSL to look holistically at identifying children's needs.

Allegations against adults working or volunteering with children

If an allegation is made against a member of staff, student or volunteer or any other person who lives or works on the nursery premises regardless of whether the allegation relates to the nursery premises or elsewhere, we will follow the procedure below.

The allegation should be reported to the senior manager on duty. If this person is the subject of the allegation then this should be reported to the *owner/*registered person/*DSL/*deputy manager instead.

At [insert name] we will follow our own local safeguarding partnership website information about how to report an allegation and we would also inform Ofsted immediately in order for this to be investigated by the appropriate bodies promptly:

- If as an individual you feel this will not be taken seriously or are worried about the allegation getting back to the person in question then it is your duty to inform the local authority children's social care team yourself directly

- The local authority children's social care team will be informed immediately for advice and guidance
 - A full investigation will be carried out by the appropriate professionals (local authority children's social care team , Ofsted) to determine how this will be handled
 - The nursery will follow all instructions from the local authority children's social care team and Ofsted and ask all staff members to do the same and co-operate where required
 - Support will be provided to all those involved in an allegation throughout the external investigation in line with local authority children's social care team support and advice
 - The nursery reserves the right to suspend any member of staff during an investigation, Legal advice will be sought to ensure compliance with the law.
 - All enquiries/external investigations/interviews will be documented and kept in a locked file for access by the relevant authorities
 - Founded allegations will be passed on to the relevant organisations including the local authority children's social care team and where an offence is believed to have been committed, the police will also be informed.
 - Founded allegations will be dealt with as gross misconduct in accordance with our disciplinary procedures and may result in the termination of employment, Ofsted will be notified immediately of this decision along with notifying the Disclosure and Barring Service (DBS) to ensure their records are updated.
-
- All safeguarding records will be kept until the person reaches normal retirement age or for 21 years and 3 months if that is longer. This will ensure accurate information is available for references and future DBS checks and avoids any unnecessary reinvestigation
 - The nursery retains the right to dismiss any member of staff in connection with founded allegations following an inquiry
 - Unfounded allegations will result in all rights being reinstated
 - A return to work plan will be put in place for any member of staff returning to work after an allegation has been deemed unfounded. Individual support will be offered to meet the needs of the individual staff member and the nature of the incident; this may include more frequent supervisions, coaching and mentoring and external support.

Monitoring children's attendance

As part of our requirements under the statutory framework and guidance documents we are required to monitor children's attendance patterns to ensure they are consistent and no cause for concern.

Parents should please inform the nursery prior to their children taking holidays or days off, and all incidents of sickness absence should be reported to the nursery the same day so the nursery management are able to account for a child's absence.

This should not stop parents taking precious time with their children, by keeping us informed parents can help us to meet our statutory requirements and let us know that children are safe.

If a child has not arrived at nursery within one hour of their normal start time the parents will be called to ensure the child is safe and healthy. If the parents are not contactable then the emergency contacts numbers listed will be used to ensure all parties are safe. Staff will work their way down the emergency contact list until contact is established and we are made aware that all is well with the child and family. It is a parent's responsibility to keep their emergency contact details updated.

Where a child is part of a child protection plan, or during a referral process, any absences will immediately be reported to the local authority children's social care team to ensure the child remains safe and well.

Staffing and volunteering

Our policy is to provide a secure and safe environment for all children. We follow safer recruitment practices including obtaining references and all staff employed to work with children will have enhanced criminal record checks from the Disclosure and Barring Service (DBS) before being able to carry out intimate care routines or be left unsupervised with children.

We will obtain enhanced criminal records checks (DBS) for volunteers in the setting. Volunteers and visitors will never have unsupervised access to children.

All staff will attend child protection training and receive initial basic child protection training during their induction period. This will include the procedures for spotting signs and behaviours of abuse and abusers/potential abusers, recording and reporting concerns and creating a safe and secure environment for the children in the nursery. During induction staff will be given contact details for the local authority children's social care team's, the local safeguarding children partnership and Ofsted to enable them to report any safeguarding concerns, independently, if they feel it necessary to do so.

Ongoing suitability of staff is monitored through: **[edit as required to reflect your practice]**

- regular supervisions
- peer observations
- annual declaration of staff suitability
- safeguarding competencies
- regular review of DBS using the online update service

Designated Safeguarding Lead

We have named persons within the nursery who take lead responsibility for safeguarding and co-ordinate child protection and welfare issues, known as the Designated Safeguarding Leads (DSL), there is always at least one designated person on duty during the opening hours of the setting. The designated persons will receive comprehensive training at least every two years and update their knowledge on an ongoing basis, but at least once a year.

The nursery DSL's liaise with the local authority children's social care team, undertakes specific training, including a child protection training course, and receives regular updates to developments within this field. They in turn support the ongoing development and knowledge of the staff team with regular safeguarding updates.

The Designated Safeguarding Leads (DSL) at the nursery are: **Rebecca Walton and Sarah Beattie.**

The role of the Designated Safeguarding Lead:

Ensure that the settings safeguarding policy and procedures are reviewed and developed in line with current guidance; and develop staff understanding of the settings safeguarding policies

- Take the lead on responding to information from the staff team relating to child protection concerns
- Provide advice, support and guidance on an on-going basis to staff, students and volunteers.
- To identify children who may need early help or who are at risk of abuse
- To help staff to ensure the right support is provided to families
- To liaise with the local authority and other agencies with regard to child protection concerns
- Ensure the setting is meeting the requirements of the EYFS Safeguarding requirements
- To ensure policies are in line with the local safeguarding procedures and details
- Disseminate updates to legislation to ensure all staff are kept up to date with safeguarding practices
- To manage and monitor accidents, incidents and existing injuries; ensuring accurate and appropriate records are kept
- Attend meetings with the child's key person
- Attend case conferences and external safeguarding meetings, as requested, by external agencies.

The Nursery safeguards children and staff by;

- Providing adequate and appropriate staffing resources to meet the needs of all children
- Informing applicants for posts within the nursery that the positions are exempt from the Rehabilitation of Offenders Act 1974. Candidates are informed of the need to carry out checks before posts can be confirmed. Where applications are rejected because of information that has been disclosed, applicants have the right to know and to challenge incorrect information
- Giving staff members, volunteers and students regular opportunities during supervisions and having an open door policy to declare changes that may affect their suitability to care for the children. This includes information about their health, medication or about changes in their home life such as child protection plans for their own children.

- Requesting DBS checks on an **annual** basis/or we use the DBS update service (with staff consent) to re-check staff's criminal history and suitability to work with children at regular intervals
- Abiding by the requirements of the EYFS and any Ofsted guidance in respect to obtaining references and suitability checks for staff, students and volunteers, to ensure that all staff, students and volunteers working in the setting are suitable to do so
- Ensuring we receive at least two written references BEFORE a new member of staff commences employment with us
- Ensuring all students will have enhanced DBS checks completed before their placement starts
- Volunteers, including students, do not carry out any intimate care routines and are never left to work unsupervised with children
- Abiding by the requirements of the Safeguarding Vulnerable Groups Act 2006 and the Childcare Act 2006 (amended 2018) in respect of any person who is dismissed from our employment, or resigns in circumstances that would otherwise have led to dismissal for reasons of child protection concern will be reported to the Disclosure and Barring Services (DBS)
- Having procedures for recording the details of visitors to the nursery and take security steps to ensure that that no unauthorised person has unsupervised access to the children
- Ensuring all visitors/contractors are supervised whilst on the premises, especially when in the areas the children use
- Staying vigilant to safeguard the whole nursery environment and be aware of potential dangers on the nursery boundaries such as drones or strangers lingering. We will ensure the children remain safe at all times
- Having a Staff Behaviour Policy sits alongside this policy to enable us to monitor changes in behaviours that may cause concern. All staff sign up to this policy too to ensure any changes are reported to management so we are able to support the individual staff member and ensure the safety and care of the children is not compromised
- Ensuring that staff are aware not to contact parents/carers and children through social media on their own personal social media accounts and they will report any such incidents to the management team to deal with
- Ensuring that all staff have access to, and comply with, the whistleblowing policy which provides information on how they can share any concerns that may arise about their colleagues in an appropriate manner. We encourage a culture of openness and transparency, and all concerns are taken seriously
- Ensuring all staff are aware of the signs to look for of inappropriate staff behaviour, this may include inappropriate sexual comments; excessive one-to-one attention beyond the requirements of their usual role and responsibilities; or inappropriate sharing of images. This is not an exhaustive list, any changes in behaviour must be reported and acted upon immediately
- Ensuring all staff will receive regular supervision meetings where opportunities will be made available to discuss any issues relating to individual children, child protection training, safeguarding concerns and any needs for further support or training

- Having peer on peer and manager observations in the setting to ensure that the care we provide for children is at the highest level and any areas for staff development are quickly identified. Peer observations allow us to share constructive feedback, develop practice and build trust so that staff are able to share any concerns they may have. Concerns are raised with the designated lead and dealt with in an appropriate and timely manner
- Ensuring the deployment of staff within the nursery allows for constant supervision and support. Where children need to spend time away from the rest of the group, the door will be left ajar or other safeguards will be put into action to ensure the safety of the child and the adult.

We also operate a Phones and Other Electronic Devices and Social Media policy which states how we will keep children safe from these devices whilst at nursery. This also links to our Online Safety policy.

Our nursery has a clear commitment to protecting children and promoting welfare. Should anyone believe that this policy is not being upheld, it is their duty to report the matter to the attention of the *nursery manager/*owner/DSL/*registered person at the earliest opportunity.
