

Nursery update 8th March 2021

Hi everyone!

It has been some time since we have had a nursery update for you all, it seems like we have been going through this process forever and we cannot thank you all enough for your patience and support with everything.

We are pleased to share with you our newest development...

Last week we got the much-anticipated phone call from Ofsted and on Friday we had our registration inspection!

We are SO EXCITED to say that it went well, and we were granted registration to open our nursery!

We are in the process of receiving our certificate from Ofsted, once we do, we will be officially allowed to open our doors.

This should hopefully be with us by the end of this week/beginning of next week. Once we have it an official open date will be put in the diary!

If you would like any information or have any questions about our new nursery, please contact us via email or phone at gilderdalenursery@outlook.com or 01434 381827.

We absolutely can not wait to open and welcome children.

All that is left to say from us is a huge thank you for the support so far...now the real adventure begins!!

Becca, Sarah, Amanda & Charlotte

See you all very soon 😊
